\*\*\*\*\* and his crew were here so that we could upgrade 100 amp service to 200 amps. In spite of all the obstacles they encountered, they did a great job were very professional, and took care of every unforeseen circumstance that came along.

\*\*\*\*\* was amazing, she kept in touch with me via email, text message and phone calls. What ever it took, she made sure that the guys in the field had my phone number and they called whenever they were coming. Always had plenty of notice. I was coordinating the install for my friend \*\*\*\*\* at his home, and \*\*\*\*\* made sure to keep me in the loop for all updates, etc. Absolutely top notch, professional all the way 100% amazing company. I would wholeheartedly recommend them to anybody who is interested in solar for their home, or RV.

I reached out to QCells to find the authorized installers in my area and Qcells recommended OWE. Sales Representative, \*\*\*\* spent more than 3 hours after his working hours, answered all our questions patently and at the end everything has been delivered as he promised. After talking to my friends, I was in an impression that the panels installation, approvals will take months but to our surprise everything was done much earlier. Project coordinator \*\*\* stayed in touch with me almost every other day to keep me informed about installation, inspections and permit. Sef answered to every single message and call that I made. \*\*\*\*\* did an amazing job. They showed up on time, spent almost 7 hours and left only when everything was 100% done. I would definately recommend Our World Energy to all my friends and family. Thank you again! :)

Our first steps to getting our solar power was getting the site survey which was done by \*\*\*\*\* here in \*\*\*\*\* , \*\* and he did such a great, professional job for \*\*...from \*\* asking questions to getting the job done fast, safely and easy. We look forward to the next step and can't wait. Thank You \*\*\*\*\*!
