

SOLAR PARTNER FOR THE SRP PPA \$0 DOWN PROGRAM

Energize your home. Elevate your life.

Upgrading to clean energy has never been easier.

SIMPLE. SEAMLESS. STRESS-FREE.

A refreshingly simple way to make clean energy upgrades.

EverBright™ is your partner every step of the way, from your initial proposal and beyond, making clean energy upgrades like solar panels and battery storage accessible to every American home.

Tailored financing options that align with your lifestyle.

Our financing options are easy-to-understand and come with benefits designed to help you upgrade, energize and simplify your home.

Knowing how many solar panels to put on your roof is no cookie-cutter formula. Fortunately, EverBright's software is one of the industry's most accurate and advanced tools for solar system design.

Our EverBright™ Pro solar contractors have the technical skills to evaluate your home and property to develop a proposal with the optimal number of solar panels for your energy needs.

No money down

Once you're approved, there are no upfront costs. We also offer fixed or variable payment options.

Apply and qualify quickly

Once you apply, we run a soft credit check to get you approved, which doesn't affect your credit score.

EverBright™ offers EverFix™ and Everlex™ PPAs these are perfect if you want to include production monitoring and free maintenance.

A Power Purchase Agreement (PPA) is a financing agreement between a homeowner and a solar company. The company installs and maintains a solar system on the homeowner's property, and the homeowner agrees to purchase the solar energy produced by the solar system at a fixed \$/kWh rate.

PPAs can be a great option if you want predictable energy costs, no upfront or maintenance costs, and aren't eligible for a significant tax credit.
